W, Or, The Memory of Childhood-Georges Perec
2003 Combining fiction and autobiography in a quite unprecedented way, Georges Perec leads the reader inexorably towards the horror that lies at the origin of the post-World War Two world and at the crux of his own identity.

W Or The Memory of

Childhood-Georges Perec
2011 Written in alternating chapters, W or the Memory of Childhood, tells two parallel tales, in two parts. One is a story created in childhood and about childhood. The other story is about two people called Gaspard Winckler- one an eight-year-old deaf-mute lost in a shipwreck, the other a man despatched to search for him, who discovers W, an island state based on the rules of sport. As the two tales move in and out of focus, the disturbing truth about the

island of W reveals itself. Perec combines fiction and autobiography in unprecedented ways, allowing no easy escape from these stories, or from history.

The Memory Book-Lara Avery 2016-07-05 They tell me that my memory will never be the same, that I'll start forgetting things. At first just a little, and then a lot. So I'm writing to remember. Sammie McCoy is a girl with a plan: graduate at the top of her class and get out of her small town as soon as possible. Nothing will stand in her way--not even the rare genetic disorder the doctors say will slowly steal her memories and then her health. So the memory book is born: a journal written to Sammie's future self, so she can remember everything from where she stashed her study guides to just how great it feels to have a best friend again. It's where she'll record every perfect detail of her first date with longtime-crush Stuart, a gifted young writer home for the summer. And where she'll admit how much she's missed her childhood

friend Cooper, and the ridiculous lengths he will go to make her laugh. The memory book will ensure Sammie never forgets the most important parts of her life--the people who have broken her heart, those who have mended it--and most of all, that if she's going to die, she's going to die living. This moving and remarkable novel introduces an inspiring character you're sure to remember, long after the last page.

The Memory Police-Yoko Ogawa 2020-07-28 Finalist for the International Booker Prize and the National Book Award A haunting Orwellian novel about the terrors of state surveillance, from the acclaimed author of *The Housekeeper and the Professor*. On an unnamed island, objects are disappearing: first hats, then ribbons, birds, roses. . . . Most of the inhabitants are oblivious to these changes, while those few able to recall the lost objects live in fear of the draconian Memory Police, who are committed to ensuring that what has disappeared remains forgotten. When a young writer discovers that her editor is in danger, she concocts a plan to hide him beneath her floorboards, and together they cling to her writing as the last way of preserving the past. Powerful and provocative, *The Memory Police* is a stunning novel about the trauma of loss. ONE

In Memory of Memory-

Maria Stepanova 2021-02-09
An exploration of life at the margins of history from one of Russia's most exciting contemporary writers With the death of her aunt, the narrator is left to sift through an apartment full of faded photographs, old postcards, letters, diaries, and heaps of souvenirs: a withered repository of a century of life in Russia. Carefully reassembled with calm, steady hands, these shards tell the story of how a seemingly ordinary Jewish family somehow managed to survive the myriad persecutions and repressions of the last century. In dialogue with writers like Roland Barthes, W. G. Sebald, Susan Sontag, and Osip

Mandelstam, In Memory of Memory is imbued with rare intellectual curiosity and a wonderfully soft-spoken, poetic voice. Dipping into various forms—essay, fiction, memoir, travelogue, and historical documents—Stepanova assembles a vast panorama of ideas and personalities and offers an entirely new and bold exploration of cultural and personal memory.

The Memory of Earth-Orson Scott Card 1993-01-15 The first volume in the Homecoming saga from bestselling author Orson Scott Card, The Memory of Earth High above the planet Harmony, the Oversoul watches. Its task, programmed so many millennia ago, is to guard the human settlement on this planet--to protect this fragile remnant of Earth from all threats. To protect them, most of all, from themselves. The Oversoul has done its job well. There is no war on Harmony. There are no weapons of mass destruction. There is no technology that could lead to weapons of war. By control of

the data banks, and subtle interference in the very thoughts of the people, the artificial intelligence has fulfilled its mission. But now there is a problem. In orbit, the Oversoul realizes that it has lost access to some of its memory banks, and some of its power systems are failing. And on the planet, men are beginning to think about power, wealth, and conquest. Vital Memory and Affect-

Steven Brown 2015-06-12

Vital Memory and Affect takes as its subject the autobiographical memories of 'vulnerable' groups, including survivors of child sexual abuse, adopted children and their families, forensic mental health service users, and elderly persons in care home settings. In particular the focus is on a particular class of memory within this group: recollected episodes that are

difficult and painful, sometimes contested, but always with enormous significance for a current and past sense of self. These 'vital memories', integral and irreversible, can come to appear as a defining feature of a person's life. In Vital Memory and Affect, authors Steve Brown and Paula Reavey explore the highly productive way in which individuals make sense of a difficult past, situated as they are within a highly specific cultural and social landscape. Via an exploration of their vital memories, the book combines insights from social and cognitive psychology to open up the possibility of a new approach to memory, one that pays full attention to the contextual conditions of all acts of remembering. This path-breaking study brings together a unique set of empirical material and maps out an agenda for research into memory and affect that will be important reading for students and scholars of social psychology, memory studies, cultural studies, philosophy, and other related fields.

"53 Days"-Georges Perec
1992-01 Georges Perec
planned a mystery novel of 28
chapters: he died before
completing it. From his
notebooks his friends
assembled the elements of the
unfinished part. The narrator
is sent to the French colonies
to teach maths - as well as
being entrusted with tracking
down an arms dealer.

The Giver-Lois Lowry
2014-07-01 Living in a
"perfect" world without social
ills, a boy approaches the time
when he will receive a life
assignment from the Elders,
but his selection leads him to
a mysterious man known as
the Giver, who reveals the
dark secrets behind the
utopian facade.

The Memory of Light-
Francisco X. Stork 2016-01-26
"When Vicky Cruz wakes up in
the Lakeview Hospital Mental
Disorders ward, she knows
one thing: After her suicide
attempt, she shouldn't be
alive. But then she meets
Mona, the live wire; Gabriel,

the saint; E.M., always angry;
and Dr. Desai, a quiet force.
With stories and honesty,
kindness and hard work, they
push her to reconsider her life
before Lakeview, and offer
her an acceptance she's never
had. But Vicky's newfound
peace is as fragile as the
roses that grow around the
hospital. And when a crisis
forces the group to split up,
sending Vicky back to the life
that drove her to suicide, she
must try to find her own
courage and strength. She
may not have them. She
doesn't know. Inspired in part
by the author's own
experience with depression,
The Memory of Light is the
rare young adult novel that
focuses not on the events
leading up to a suicide
attempt, but the recovery
from one -- about living when
life doesn't seem worth it, and
how we go on anyway."

**Moonwalking with
Einstein**-Joshua Foer
2011-03-03 The blockbuster
phenomenon that charts an
amazing journey of the mind
while revolutionizing our
concept of memory An instant
bestseller that is poised to

become a classic, Moonwalking with Einstein recounts Joshua Foer's yearlong quest to improve his memory under the tutelage of top "mental athletes." He draws on cutting-edge research, a surprising cultural history of remembering, and venerable tricks of the mentalist's trade to transform our understanding of human memory. From the United States Memory Championship to deep within the author's own mind, this is an electrifying work of journalism that reminds us that, in every way that matters, we are the sum of our memories.

A Memory of Light-Robert Jordan 2013-04-09 The Wheel of Time ® is a PBS Great American Read Selection! Now in development for TV! Since 1990, when Robert Jordan's The Wheel of Time® burst on the world with its first book, The Eye of the World, readers have been anticipating the final scenes of this extraordinary saga, which has sold over forty million copies in over thirty languages. A Memory of Light

is the fantastic conclusion to the internationally-bestselling epic fantasy juggernaut. The Wheel of Time turns and Ages come and go, leaving memories that become legend. Legend fades to myth, and even myth is long forgotten when the Age that gave it birth returns again. In the Third Age, an Age of Prophecy, the World and Time themselves hang in the balance. What was, what will be, and what is, may yet fall under the Shadow. When Robert Jordan died in 2007, all feared that these concluding scenes would never be written. But working from notes and partials left by Jordan, established fantasy writer Brandon Sanderson stepped in to complete the masterwork. With The Gathering Storm (Book 12) and Towers of Midnight (Book 13) behind him, both of which were # 1 New York Times hardcover bestsellers, Sanderson now re-creates the vision that Robert Jordan left behind in A Memory of Light. Edited by Jordan's widow, who edited all of Jordan's books, A Memory of Light will delight, enthrall, and deeply satisfy all of Jordan's legions

of readers. The Wheel of Time turns, and Ages come and pass. What was, what will be, and what is, may yet fall under the Shadow. Let the Dragon ride again on the winds of time. TV series update: "Sony will produce along with Red Eagle Entertainment and Radar Pictures. Rafe Judkins is attached to write and executive produce. Judkins previously worked on shows such as ABC's "Agents of SHIELD," the Netflix series "Hemlock Grove," and the NBC series "Chuck." Red Eagle partners Rick Selvage and Larry Mondragon will executive produce along with Radar's Ted Field and Mike Weber. Darren Lemke will also executive produce, with Jordan's widow Harriet McDougal serving as consulting producer."

The Memory of Souls-Jenn Lyons 2020-08-25
The Memory of Souls is the third epic fantasy in Jenn Lyons' Chorus of Dragons series and one of Library Journal's best SF&F books of the year! THE LONGER HE LIVES THE MORE DANGEROUS HE BECOMES
Now that Relos Var's plans have been revealed and demons are free to rampage across the empire, the fulfillment of the ancient prophecies—and the end of the world—is closer than ever.

To buy time for humanity, Kihrin needs to convince the king of the Manol vané to perform an ancient ritual which will strip the entire race of their immortality, but it's a ritual which certain vané will do anything to prevent. Including assassinating the messengers. Worse, Kihrin must come to terms with the horrifying possibility that his connection to the king of demons, Vol Karoth, is growing steadily in strength. How can he hope to save anyone when he might turn out to be the greatest threat of them all? The Memory Thief-Lauren Mansy 2019-10-01 It's always a risk to play with memories, when you can't help but sink into a sea of others' wishes, hopes, and dreams ... but if losing myself means saving my mother, isn't it worth it? In the city of Craewick, memories reign. The power-

obsessed ruler of the city, Madame, has cultivated a society in which memories are currency, citizens are divided by ability, and Gifted individuals can take memories from others through touch as they please. Seventeen-year-old Etta Lark is desperate to live outside of the corrupt culture, but she grapples with the guilt of an accident that has left her mother bedridden in the city's asylum. When Madame threatens to put her mother up for auction, a Craewick practice in which a "criminal's" memories are sold to the highest bidder before being killed, Etta will do whatever it takes to save her. Even if it means rejoining the Shadows, the rebel group she swore off in the wake of the accident years earlier. To rescue her mother, Etta must prove her allegiance to the Shadows by stealing a memorized map of the Maze, a formidable prison created by the bloodthirsty ruler of a neighboring Realm. Etta faces startling attacks, unexpected romance, and above all, her own past as she uncovers a conspiracy that challenges everything she knew about herself and the world around

her. In a place where nothing is what it seems, can Etta ever become more than a memory thief? *The Memory Thief*: Is perfect for fans of Leigh Bardugo and Victoria Aveyard Brings readers on an unforgettable journey during which Etta must learn—often the hard way—just what it will take to save her city and her mother Is a clean, coming of age YA fantasy by up-and-coming author Lauren Mansy

The Memory of Love-

Aminatta Forna 2011-01-04
“[A] luminous tale of passion and betrayal” set in the post-colonial and civil war eras of Sierra Leone (The New York Times). Winner of the Commonwealth Writers’ Prize for Best Book As a decade of civil war and political unrest comes to a devastating close, three men must reconcile themselves to their own fate and the fate of their broken nation. For Elias Cole, this means reflecting on his time as a young scholar in 1969 and the affair that defined his life. For Adrian Lockheart, it means listening to Elias’s tale and following his own heart into a heated romance. For

Elias’s doctor, Kai Mansaray, it’s desperately battling his nightmares by trying to heal his patients. As each man’s story becomes inexorably bound with the others’, they discover that they are connected not only by their shared heritage, pain, and shame, but also by one remarkable woman. *The Memory of Love* is a beautiful and ambitious exploration of the influence history can have on generations, and the shared cultural burdens that each of us inevitably face. “A soft-spoken story of brutality and endurance set in postwar Sierra Leone . . . Tragedy and its aftermath are affectingly, memorably evoked in this multistranded narrative from a significant talent.” —Kirkus Reviews

Where These Memories

Grow-W. Fitzhugh Brundage 2015-12-01 Southerners are known for their strong sense of history. But the kinds of memories southerners have valued--and the ways in which they have preserved, transmitted, and revitalized those memories--have been as varied as the region's

inhabitants themselves. This collection presents fresh and innovative perspectives on how southerners across two centuries and from Texas to North Carolina have interpreted their past.

Thirteen contributors explore the workings of historical memory among groups as diverse as white artisans in early-nineteenth-century Georgia, African American authors in the late nineteenth century, and Louisiana Cajuns in the twentieth century. In the process, they offer critical insights for understanding the many communities that make up the American South. As ongoing controversies over the Confederate flag, the Alamo, and depictions of slavery at historic sites demonstrate, southern history retains the power to stir debate. By placing these and other conflicts over the recalled past into historical context, this collection will deepen our understanding of the continuing significance of history and memory for southern regional identity.

My Name is Memory-Ann

Brashares 2010-06-01 The latest from Ann Brashares, the New York Times bestselling author of *The Sisterhood of the Traveling Pants*, a magical story of reincarnation and a love that lasts more than a lifetime Daniel has spent centuries falling in love with the same girl. Life after life, crossing continents and dynasties, he and Sophia (despite her changing name and form) have been drawn together—and he remembers it all. For all the times that he and Sophia have been connected throughout history, they have also been torn painfully, fatally, apart. But just when Sophia (now "Lucy" in the present) finally awakens to the secret of their shared past, the mysterious force that has always separated them reappears. Ultimately, they must come to understand what stands in the way of

their love if they are ever to spend a lifetime together.

Memory of Water-Emmi

Itäranta 2014-06-10 An amazing, award-winning speculative fiction debut novel by a major new talent, in the vein of Ursula K. Le Guin. Global warming has changed the world's geography and its politics. Wars are waged over water, and China rules Europe, including the Scandinavian Union, which is occupied by the power state of New Qian. In this far north place, seventeen-year-old Noria Kaitio is learning to become a tea master like her father, a position that holds great responsibility and great secrets. Tea masters alone know the location of hidden water sources, including the natural spring that Noria's father tends, which once provided water for her whole village. But secrets do not stay hidden forever, and after her father's death the army starts watching their town—and Noria. And as water becomes even scarcer, Noria must choose between safety and striking out, between knowledge and

kinship. Imaginative and engaging, lyrical and poignant, *Memory of Water* is an indelible novel that portrays a future that is all too possible.

Race and Reunion-David W.

BLIGHT 2009-06-30 No historical event has left as deep an imprint on America's collective memory as the Civil War. In the war's aftermath, Americans had to embrace and cast off a traumatic past. David Blight explores the perilous path of remembering and forgetting, and reveals its tragic costs to race relations and America's national reunion.

Collective Memory Work-

Corey W. Johnson 2018-06-13 The seemingly mundane events of daily life create a complex knowledge base of lived experience to be explored. But how does one research common experiences and account for context, culture, and identity? A dilemma arises because experience is not just embedded in events, but also in the socially constructed

meanings associated with those events. This book details the philosophical underpinnings, design features and implementation strategies of Collective Memory Work - a methodology frequently employed by social justice activists/scholars. Collective Memory Work can provide scholars with unique and nuanced ways to solve problems for and with their participants. Most importantly, the chapters also detail projects and social justice in action, analysing their participants' real stories and experiences: projects that focus on LGBTQ youth, #blacklivesmatter activists, white faculty working at historically Black colleges and universities, men's media consumption and much more. Written in an engaging and accessible style, readers will come to understand the potential of their own qualitative research using Collective Memory Work.

The Memory Illusion-Dr Julia Shaw 2016-06-16 THE INTERNATIONAL BESTSELLER 'Truly fascinating.' Steve Wright, BBC Radio 2 - Have you ever forgotten the name of someone you've met dozens of times? - Or discovered that your memory of an important event was completely different from everyone else's? - Or vividly recalled being in a particular place at a particular time, only to discover later that you couldn't possibly have been?

We rely on our memories every day of our lives. They make us who we are. And yet the truth is, they are far from being the accurate record of the past we like to think they are. In *The Memory Illusion*, forensic psychologist and memory expert Dr Julia Shaw draws on the latest research to show why our memories so often play tricks on us - and how, if we understand their fallibility, we can actually improve their accuracy. The result is an exploration of our minds that both fascinates and unnerves, and that will make you question how much you can ever truly know about yourself. Think you have a good memory? Think again. 'A spryly paced, fun, sometimes frightening exploration of how we remember - and why everyone remembers things that never truly happened.' Pacific Standard

Memory and Forgetting in the Post-Holocaust Era-

Alejandro Baer 2016-11-25 To forget after Auschwitz is considered barbaric. Baer and Sznajder question this assumption not only in regard to the Holocaust but to other political crimes as well. The duties of memory surrounding the Holocaust have spread around the globe and interacted with other narratives of victimization that demand equal treatment. Are there crimes that must be forgotten and others that should be remembered? In this book the authors examine the effects of a globalized Holocaust culture on the ways in which individuals and groups understand the moral and political significance of their respective histories of extreme political violence. Do such transnational memories facilitate or hamper the task of coming to terms with and overcoming divisive pasts?

Taking Argentina, Spain and a number of sites in post-communist Europe as test cases, this book illustrates the transformation from a nationally oriented ethics to a trans-national one. The authors look at media, scholarly discourse, NGOs dealing with human rights and memory, museums and memorial sites, and examine how a new generation of memory activists revisits the past to construct a new future. Baer and Sznajder follow these attempts to manoeuvre between the duties of remembrance and the benefits of forgetting. This, the authors argue, is the "ethics of Never Again."

The Memory of Old Jack-
Wendell Berry 2010-05-21 In a rural Kentucky river town, "Old Jack" Beechum, a retired farmer, sees his life again through the shades of one burnished day in September 1952. Bringing the earthiness of America's past to mind, *The Memory of Old Jack* conveys the truth and integrity of the land and the people who live from it. Through the eyes of one man can be seen the

values Americans strive to recapture as we arrive at the next century.

Collective Memory of Political Events-James W. Pennebaker 2013-06-17 Research in collective memory is a relatively new area capturing the interest of scholars in social psychology, memory, sociology, and anthropology. The core idea is that collective attitudes and behaviors are created and shared through common experiences and communication among a cohort of people. For example, people born between 1940 and 1960 are often defined via the JFK assassination and the Vietnam War. Their parents typically experienced lesser impact from these events. Papers about collective memory have appeared in the literature under different guises for the last hundred years. Freud's *Civilization and Its Discontents*, Jung's ideas on the collective unconscious, and McDougall's speculation on the group mind posited that identity and action could be viewed as resulting from

the shared development of a culture. Halbwachs, a French social psychologist (1877-1945) who was the first to write in detail about the nature of collective memory, argued that basic memory processes were all social. That is, people remember only those events that they have repeated and elaborated in their discussions with others. In the last several years, there has been a resurgence of interest in this general topic because it addresses some fundamental questions about memory and social processes. Work closely related to these questions deals with the nature of autobiographical memory, traumatic experience and reconstructive memory, and social sharing of memories. This book brings together an international group of researchers who have been empirically studying some basic tenets of collective memory.

The Art of Asking Your Boss for a Raise-Georges Perec 2017-01-17 Darkly funny account of the office worker's mindset by the celebrated French novelist A

long-suffering employee in a big corporation has summoned up the courage to ask for a raise. But as he runs through the looming encounter in his mind, his neuroses come to the surface: What is the best day to see the boss? What if he doesn't offer you a seat when you go into his office? The Art of Asking Your Boss for a Raise is a hilarious account of an employee losing his identity—and possibly his sanity—as he tries to put on the most acceptable face for the corporate world, with its rigid hierarchies and hostility to new ideas. If he follows a certain course of action, so this logic goes, he will succeed—but, in accepting these conditions, are his attempts to challenge his world of work doomed from the outset? Neurotic and pessimistic, yet endearing, comic and never less than entertaining, Perec's Woody Allen-esque underling presents an acute and penetrating vision of the world of office work, as pertinent today as it was when it was written in 1968. From the Trade Paperback edition.

The Buried Giant-Kazuo

Isiguro 2015-03-03 From the winner of the Nobel Prize in Literature and author of the Booker Prize-winning novel *The Remains of the Day* comes a luminous meditation on the act of forgetting and the power of memory. In post-Arthurian Britain, the wars that once raged between the Saxons and the Britons have finally ceased. Axl and Beatrice, an elderly British couple, set off to visit their son, whom they haven't seen in years. And, because a strange mist has caused mass amnesia throughout the land, they can scarcely remember anything about him. As they are joined on their journey by a Saxon warrior, his orphan charge, and an illustrious knight, Axl and Beatrice slowly begin to remember the dark and troubled past they all share. By turns savage, suspenseful, and intensely moving, *The Buried Giant* is a luminous meditation on the act of forgetting and the power of memory.

Recursion-Blake Crouch

2019 New York City cop Barry Sutton investigates the devastating phenomenon the media has dubbed False Memory Syndrome-- a mysterious affliction that drives its victims mad with memories of a life they never lived. Neuroscientist Helena Smith dedicated her life to creating a technology that will let us preserve our most precious moments of our pasts. If she succeeds, anyone will be able to re-experience a first kiss, the birth of a child, the final moment with a dying parent. Together they face a force that attacks not just our minds but the very fabric of the past. Memory makes reality-- and the force is beginning to unmake the world as we know it. -- adapted from jacket.

Collective Memories in

War-Elena Rozhdstvenskaya

2015-12-14 This edited collection offers an empirical exploration of social memory in the context of politics, war, identity and culture. With a substantive focus on Eastern Europe, it employs the methodologies of visual studies, content and discourse

analysis, in-depth interviews and surveys to substantiate how memory narratives are composed and rewritten in changing ideological and political contexts. The book examines various historical events, including the Russian-Afghan war of 1979-89 and World War II, and considers public and local rituals, monuments and museums, textbook accounts, gender and the body. As such it provides a rich picture of post-socialist memory construction and function based in interdisciplinary memory studies.

Memory, Place and Identity-Danielle

Drozdewski 2016-05-20 This book bridges theoretical gaps that exist between the meta-concepts of memory, place and identity by positioning its lens on the emplaced practices of commemoration and the remembrance of war and conflict. This book examines how diverse publics

relate to their wartime histories through engagements with everyday collective memories, in differing places. Specifically addressing questions of place-making, displacement and identity, contributions shed new light on the processes of commemoration of war in everyday urban façades and within generations of families and national communities. Contributions seek to clarify how we connect with memories and places of war and conflict. The spatial and narrative manifestations of attempts to contextualise wartime memories of loss, trauma, conflict, victory and suffering are refracted through the roles played by emotion and identity construction in the shaping of post-war remembrances. This book offers a multidisciplinary perspective, with insights from history, memory studies, social psychology, cultural and urban geography, to contextualise memories of war and their 'use' by national governments, perpetrators, victims and in family histories.

Monumental Mobility-Lisa Blee 2019-02-07 Installed at Plymouth, Massachusetts, in 1921 to commemorate the tercentenary of the landing of the Pilgrims, Cyrus Dallin's statue Massasoit was intended to memorialize the Pokanoket Massasoit (leader) as a welcoming diplomat and participant in the mythical first Thanksgiving. But after the statue's unveiling, Massasoit began to move and proliferate in ways one would not expect of generally stationary monuments tethered to place. The plaster model was donated to the artist's home state of Utah and prominently displayed in the state capitol; half a century later, it was caught up in a surprising case of fraud in the fine arts market. Versions of the statue now

stand on Brigham Young University's campus; at an urban intersection in Kansas City, Missouri; and in countless homes around the world in the form of souvenir statuettes. As Lisa Blee and Jean M. O'Brien show in this thought-provoking book, the surprising story of this monumental statue reveals much about the process of creating, commodifying, and reinforcing the historical memory of Indigenous people. Dallin's statue, set alongside the historical memory of the actual Massasoit and his mythic collaboration with the Pilgrims, shows otherwise hidden dimensions of American memorial culture: an elasticity of historical imagination, a tight-knit relationship between consumption and commemoration, and the twin impulses to sanitize and grapple with the meaning of settler-colonialism.

The Unfinished Exhibition-
Susanna W. Gold 2016-12-08
The Centennial decade was an era of ambivalence, the United States still unresolved about the incomprehensible

damage it had wrought over four years of Civil War, and why. Philadelphia's 1876 Centennial Exhibition -- a spectacular international event celebrating one hundred years of American strength, unity, and freedom -- took place in the immediate wake of this trauma of war and the failures of Reconstruction as a means to restore power and patriotism in the nation's struggle to rebuild itself. The Unfinished Exhibition, the first comprehensive examination of American art at the Centennial, explains the critical role of visual culture in negotiating memories of the nation's past that conflicted with the optimism that Exhibition officials promoted. Supporting novel iconographical interpretations with myriad primary source material, author Susanna W. Gold demonstrates how the art galleries and the audiences who visited them addressed the lingering traumas of battle, the uneasy re-unification of North and South, and the persisting racial tensions in the post-Emancipation era. This careful consideration of the

visual record exposes the complexities of the war's impact on Americans and clarifies how the Centennial art exhibition affected a nation still finding its

direction at a critical moment in its history.
